**NOTICE OF THE UNITED STATES POSTAL SERVICE OF FILING A
FUNCTIONALLY EQUIVALENT GLOBAL PLUS 3 NEGOTIATED SERVICE
AGREEMENT AND APPLICATION FOR NON-PUBLIC TREATMENT OF
MATERIALS FILED UNDER SEAL**
(October 30, 2017)

In accordance with 39 C.F.R. § 3015.5, the United States Postal Service (Postal Service) hereby gives notice that it is entering into a Global Plus 3 contract. Prices and classifications not of general applicability for similar contracts were established by the Decision of the Governors of the United States Postal Service on the Establishment of Prices and Classifications for Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates, issued March 22, 2011 (Governors' Decision No. 11-6).¹ Subsequently, Global Plus 3 was added to the competitive product list, and the contract filed in Docket No. CP2016-196 serves as the baseline agreement for comparison of functionally equivalent agreements under the Global Plus 3 grouping. The Postal Regulatory Commission (Commission) determined that individual Global Plus 3 contracts may be included as part of the Global Plus 3 product if they meet the requirements of 39 U.S.C. § 3633 and if they are functionally equivalent to the Global

Plus 3 baseline agreement.² Thereafter, the Commission included a number of individual Global Plus 3 contracts within the Global Plus 3 (MC2016-152) product.³

The contract and supporting documents establishing compliance with 39 U.S.C. § 3633 and 39 C.F.R. § 3015.5 are being filed separately under seal with the Commission.⁴ A redacted copy of the contract, a redacted version of the certified statement required by 39 C.F.R. § 3015.5(c)(2) for the contract, and a redacted version of Governors' Decision No. 11-6 are filed as Attachments 1, 2, and 3, respectively. Attachment 4 to this Notice is the Postal Service's Application for Non-public Treatment of materials filed under seal in this docket. A full discussion of the required elements of the application appears in Attachment 4.

² PRC Order No. 3378, Order Adding Global Plus 3 to the Competitive Product List and Approval of Designation as Baseline Agreement, Docket Nos. MC2016-152 and CP2016-196, June 21, 2016.

³ See PRC Order No. 3380, Order Approving Additional Global Plus 3 Negotiated Service Agreement, Docket No. CP2016-202, June 24, 2016; PRC Order No. 3394, Order Approving Additional Global Plus 3 Negotiated Service Agreement, Docket No. CP2016-221, June 29, 2016; PRC Order No. 3396, Order Approving Additional Global Plus 3 Negotiated Service Agreement, Docket No. CP2016-224, June 29, 2016.

⁴ The financial workpapers for the agreement that is the subject of this docket are very similar in format to the financial workpapers for the agreement that is the subject of Docket No. CP2017-259, as well as the workbooks concerning Settlement Charges related to a number of Global Plus 1D and Global Plus 3 contracts that were filed under seal as USPS-LR-CP2017-231/.NP1 Settlement Charge Workbook (SCWB) with Notice of the United States Postal Service of Filing a Library Reference, Docket No. CP2017-231, July 31, 2017. The Postal Service acknowledges the requirement in 39 C.F.R. 3007.10(b) and (c) to provide a redacted copy of non-public materials; however, the Postal Service respectfully requests that the Commission consider the redacted financial workpapers for the Global Plus 3 contract filed in CP2017-259 as representative of the financial workpapers filed by the Postal Service in this docket today were those financial workpapers to be redacted. The preparation and review of redacted versions of the seventeen Excel sheets filed under seal in this docket, almost all of which have multiple tabs, would be a time-consuming task, and the Postal Service respectfully requests that the Commission consider this method of meeting the 39 C.F.R. 3007.10(b) and (c) requirement, which would significantly reduce the administrative burden on the Postal Service.

I. Background

The first Global Plus 3 contract was filed on June 10, 2016.⁵ The Postal Service demonstrates below that the agreement that is included with this filing is functionally equivalent to the contract that is the subject of Docket Nos. MC2016-152 and CP2016-196. Accordingly, this contract should be included within the Global Plus 3 product.

II. Identification of the Additional Global Plus 3 Contract

The Postal Service believes that this additional Global Plus 3 contract fits within the Mail Classification Schedule (MCS) language for the Global Plus contract product, which was included within the Postal Service's request to establish the Global Plus 3 product.⁶

This additional Global Plus 3 contract is intended to become effective on November 15, 2017. If the effective date of the agreement is the first of the month, the agreement that is the subject of this docket is set to expire one year after its effective date. If the effective date of the agreement is not the first of the month, the agreement is set to expire on the last day of the month in which the effective date falls in the year subsequent to the effective date, unless the agreement is terminated earlier. Thus, if the agreement is approved with the intended effective date of November 15, 2017, the agreement would be set to expire November 30, 2018, unless terminated sooner.

III. Functional Equivalence of Global Plus 3 Contracts

The Global Plus 3 contract under consideration is substantially similar to the Global Plus 3 baseline contract filed in Docket Nos. MC2016-152 and CP2016-196.

⁵ Request of the United States Postal Service to Add Global Plus 3 to the Competitive Product List and Notice of Filing a Global Plus 3 Contract Negotiated Service Agreement and Application for Non-Public Treatment of Materials Filed Under Seal, Docket Nos. MC2016-152 and CP2016-196, June 10, 2016.

⁶ *Id.* at Attachment 3.

The contracts share similar cost and market characteristics. The pricing formula relied on for these Global Plus 3 contracts is in Governors' Decision No. 11-6, which is included as Attachment 3 to this filing. Therefore, the costs of each Global Plus 3 contract conform to a common description. In addition, the Global Plus section of the MCS requires that each Global Plus 3 contract must comply with the requirements in 39 U.S.C. § 3633, and therefore, cover its attributable costs.⁷ The contract at issue here meets the Governors' criteria and thus exhibits similar cost and market characteristics to the baseline Global Plus 3 contract filed in Docket Nos. MC2016-152 and CP2016-196.

The functional terms of the contract that is the subject of this filing are very similar to those of the contract that is the subject of Docket Nos. MC2016-152 and CP2016-196, which serves as the baseline agreement for the Global Plus 3 product grouping. The benefits of the contract to the Postal Service are comparable as well. Therefore, the Postal Service submits that the contract is functionally equivalent to the contract that is the subject of Docket Nos. MC2016-152 and CP2016-196, and should be added to the Global Plus 3 product grouping.

In a concrete sense as well, this Global Plus 3 contract shares the same cost and market characteristics as the Global Plus 3 baseline contract. Customers for Global Plus 3 contracts are Postal Qualified Wholesalers (PQWs) and other large businesses that offer mailing services to end users for shipping articles via International Priority Airmail, International Surface Air Lift, Priority Mail Express International, Priority Mail International, and/or Commercial ePacket service. Prices offered under the contracts may differ depending on the volume or postage commitments made by the customers.

⁷ See PRC, Mail Classification Schedule, posted January 22, 2017 (with revisions through: September 30, 2017), section 2510.6, Global Plus Contracts, at 549.

Prices also may differ depending upon when the agreement is signed, because of the incorporation of updated costing information. These differences, however, do not alter the contracts' functional equivalency. Because the agreement incorporates the same cost attributes and methodology, the relevant characteristics of this Global Plus 3 agreement is similar, if not the same, as the relevant characteristics of the baseline Global Plus 3 contract.

Like the contract that is the subject of Docket Nos. MC2016-152 and CP2016-196, this contract also fits within the parameters outlined by Governors' Decision No. 11-6. There are, however, differences between this contract and the contract that is the subject of MC2016-152 and CP2016-196, which include:

- The name and address of the customer in the title and first paragraph of the agreement, the customer's representative to receive notices under the agreement in Article 33, and the name of the customer on the signatory page as well as in the footers on each page of the text of the agreement;
- Revisions to Article 1;
- In Article 3, revisions to paragraphs 3 and 4;
- In Article 4, revisions to paragraphs 3 and 6, as well as the deletion of paragraphs 7, 8, 9, 10, and 11 regarding certain product mailing specifications;
- In Article 7, revisions to paragraph 1 the negotiated minimum revenue commitment, revisions to paragraph 2 concerning tender, revisions to paragraph 3 concerning tender locations, revisions to paragraph 4 concerning advance notification, revisions to paragraph 5 regarding

payment of postage and applicable conditions, the removal of paragraph 9, as well as revisions to subsequent paragraphs concerning customs and export documentation;

- A revised Article 8 regarding postage prices;
- The removal of Article 9 concerning approval of prices, which caused the renumbering of subsequent articles;
- In Article 12 a few revisions to paragraph 4 concerning advance notification, and an additional paragraph 7(b) and 7(c);
- In Article 13, revisions concerning the negotiated minimum revenue commitment for the Mailer as Reseller;
- A revision to Article 18(4) concerning term of the agreement;
- The removal of the previous Article 20 regarding penalty and reimbursement, which also caused renumbering of subsequent articles;
- Revisions to new Article 19 concerning termination;
- Revisions to new Article 20 concerning postage updates;
- In new Article 30, revisions concerning the entire agreement and survival;
- In new Article 33 concerning notices an additional paragraph 2;
- A revised Article 34 concerning preservation after termination;
- Revisions to Article 35 paragraph 1 regarding Conditions Precedent;
- The addition of paragraphs 2, 3 and 4 to Article 41 concerning Warranties and Representations;
- The addition of Article 42 regarding Sovereign Acts;

- Revised Annexes, including the addition of Annex 3 concerning International Priority Airmail Service and International Surface Air Lift Service, and the renumbering of two subsequent annexes.

The Postal Service does not consider that the specified differences affect either the fundamental service the Postal Service is offering or the fundamental structure of the contract. Nothing detracts from the conclusion that this agreement is “functionally equivalent in all pertinent aspects”⁸ to the contract that is the subject of Docket Nos. MC2016-152 and CP2016-196.

IV. Conclusion

For the reasons discussed, and on the basis of the financial data filed under seal, the Postal Service has established that this Global Plus 3 contract is in compliance with the requirements of 39 U.S.C. § 3633. In addition, the contract is functionally equivalent to the baseline Global Plus 3 contract that is the subject of Docket Nos. MC2016-152 and CP2016-196. Accordingly, the contract should be added to the Global Plus 3 product grouping.

Certification of Prices for the Global Plus Contract with
[REDACTED]

I, Steven Phelps, Manager, Regulatory Reporting and Cost Analysis, Finance Department, United States Postal Service, am familiar with the prices for the Global Plus Contract with [REDACTED]. The prices contained in this contract were established by the Decision of the Governors of the United States Postal Service on the Establishment of Prices and Classifications for Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates, issued on March 22, 2011 (Governors' Decision No. 11-6), which established prices by means of price floor formulas.

I hereby certify that the numerical cost values underlying the prices in the [REDACTED] [REDACTED] are the appropriate costs to use in the formulas and represent the best available information. The prices, resulting in a cost coverage in excess of the minimum required by the Governors' Decision, are in compliance with 39 U.S.C § 3633 (a)(1), (2), and (3). The prices demonstrate that the Contract should cover its attributable costs and preclude the subsidization of competitive products by market dominant products. International competitive mail accounts for a relatively small percentage of the total contribution by all competitive products. Contribution from Global Plus Contracts should be even smaller. The Agreement with [REDACTED] should not impair the ability of competitive products on the whole to cover an appropriate share of institutional costs.

DECISION OF THE GOVERNORS OF THE UNITED STATES POSTAL SERVICE ON THE ESTABLISHMENT OF PRICES AND CLASSIFICATIONS FOR DOMESTIC COMPETITIVE AGREEMENTS, OUTBOUND INTERNATIONAL COMPETITIVE AGREEMENTS, INBOUND INTERNATIONAL COMPETITIVE AGREEMENTS, AND OTHER NON-PUBLISHED COMPETITIVE RATES (GOVERNORS' DECISION NO. 11-6)

March 22, 2011

STATEMENT OF EXPLANATION AND JUSTIFICATION

Pursuant to our authority under section 3632 of title 39, as amended by the Postal Accountability and Enhancement Act of 2006 ("PAEA"), we establish new prices not of general applicability for certain of the Postal Service's competitive service offerings, and such changes in classification as are necessary to implement the new prices.

This decision establishes prices for Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates. Domestic Competitive Agreements consist of negotiated service agreements with Postal Service customers for domestic services that are categorized as competitive in accordance with 39 U.S.C. § 3642(b)(1)-(2). Outbound International Competitive Agreements consist of negotiated service agreements with Postal Service customers for outbound international services that are categorized as competitive in accordance with 39 U.S.C. § 3642(b)(1)-(2). Inbound International Competitive Agreements consist of negotiated service agreements with foreign postal operators or other entities for inbound international services that are categorized as competitive in accordance with 39 U.S.C. § 3642(b)(1)-(2). Other Non-Published Competitive Rates consist of rates not of general applicability that are not embodied in contractual instruments, but nonetheless arise from other sources, such as the Universal Postal Convention.

With respect to any product within the above categories, management is hereby authorized to prepare any necessary product description, including text for inclusion in the Mail Classification Schedule, and to present such product description to the Postal Regulatory Commission.

The Postal Accountability and Enhancement Act (PAEA) requires that prices for competitive products must cover each product's attributable costs, not result in subsidization by market dominant products, and enable all competitive products to contribute an appropriate share to the Postal Service's institutional costs. For agreements subject to this Decision, there are hereby established all prices that will cover [REDACTED] [REDACTED] costs for the relevant product and that conform in all other respects to 39 U.S.C. §§ 3632-3633 and 39 C.F.R. §§ 3015.5 and 3015.7. As discussed in the accompanying management analysis, the Chief Financial Officer (or his delegee(s)) shall certify that all cost inputs have been correctly identified for prices subject to this Decision and that all prices subject to this Decision conform to this Decision and to the requirements of the PAEA.

No agreement, grouping of functionally equivalent agreements, or other classification authorized pursuant to this Decision may go into effect unless it is submitted to the Postal Regulatory Commission with a notice that complies with 39 U.S.C. § 3632(b)(3). On a quarterly basis, management shall furnish the Governors with a report on all non-published rate and classification initiatives. Not less than once each year, the Governors shall review the basis for this Decision and make such further determination as they may deem necessary. This Decision does not affect postal management's obligation to furnish to the Board of Governors information regarding any significant, new program, policy, major modification, or initiative, or any other matter under 39 C.F.R. § 3.7(d), including where such a matter also falls within the scope of this Decision.

Management Analysis of Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates

This analysis concerns the inbound competitive prices and classifications in the Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates (collectively, "competitive instruments"). Competitive instruments are often negotiated with customers and foreign postal operators for better cost coverage, higher overall contribution, and improved service with respect to postal services classified as competitive. They may also arise from other sources, such as the Universal Postal Convention.

The cost coverage for each competitive agreement or grouping of functionally equivalent instruments (collectively, each "product") will be [REDACTED]

Each competitive instrument may have multiple price categories and negotiated components. Examples of such categories or components would be Priority Mail, Express Mail, Parcel Return Service, Priority Mail International, Express Mail International, International Priority Airmail, International Surface Air Lift, Inbound Air Parcel Post, Inbound Surface Parcel Post, Inbound Direct Entry, and Inbound International Expedited Services. These or other categories may include other services that the relevant customer or foreign postal operator offers to its customers under differing terms, but that nevertheless are processed and delivered in the same manner within the United States Postal Service's network. Such instruments may also establish negotiated rates for services ancillary to such items and for customized competitive services developed for application solely in the context of the agreement.

Prices established by these formulas should not interfere with competitive products' ability as a whole to comply with 39 U.S.C. § 3633(a)(3), which, as implemented by (39 C.F.R. § 3015.7(c)) requires competitive products to contribute a minimum of 5.5 percent to the Postal Service's total institutional costs. Accordingly, no issue of subsidization of competitive products by market dominant products should arise (39 U.S.C. § 3633(a)(1)).

I hereby certify that the Governors voted on adopting Governors' Decision No. 11-6, and that, consistent with 39 USC 3632(a), a majority of the Governors then holding office concurred in the Decision.

APPLICATION OF THE UNITED STATES POSTAL SERVICE FOR NON-PUBLIC TREATMENT OF MATERIALS

In accordance with 39 C.F.R. § 3007.21, the United States Postal Service (Postal Service) hereby applies for non-public treatment of certain materials filed with the Commission in this docket. The materials pertain to a Global Plus 3 contract that the Postal Service believes is functionally equivalent to the previously filed Global Plus 3 baseline agreement.¹

The contract and supporting documents establishing compliance with 39 U.S.C. § 3633 and 39 C.F.R. § 3015.5 are being filed separately under seal with the Commission. A redacted copy of the contract, a redacted version of the certified statement required by 39 C.F.R. 3015.5(c)(2), and a redacted version of Governors' Decision No. 11-6, are filed as Attachments 1, 2, and 3, respectively.

As stated in footnote 4 of the notice for this filing, the Postal Service respectfully requests that the Commission consider the redacted financial workpapers for the Global Plus 3 contract filed in CP2017-259, as well as the workbooks concerning Settlement Charges related to a number of Global Plus 1D and Global Plus 3 contracts that were filed under seal as USPS-LR-CP2017-231/.NP1 Settlement Charge Workbook (SCWB) with Notice of the United States Postal Service of Filing a Library Reference, Docket No. CP2017-231, July 31, 2017, as representative of the financial workpapers filed by the Postal Service in this docket today, were those financial workpapers to be redacted. Thus, this application for non-public treatment also concerns the information that would

MC2016-152 and CP2016-196, June 10, 2016.

be redacted in the financial documentation filed under seal in this docket, were that financial documentation to be redacted and filed publicly in separate Microsoft Excel documents in this docket.

The Postal Service hereby furnishes the justification required for this application by 39 C.F.R. § 3007.21(c) below.

(1) The rationale for claiming that the materials are non-public, including the specific statutory basis for the claim, and a statement justifying application of the provision(s);

Information of a commercial nature, which under good business practice would not be publicly disclosed, as well as third party business information, is not required to be disclosed to the public. 39 U.S.C. § 410(c)(2); 5 U.S.C. § 552(b)(4). The Commission may determine the appropriate level of confidentiality to be afforded to such information after weighing the nature and extent of the likely commercial injury to the Postal Service against the public interest in maintaining the financial transparency of a government establishment competing in commercial markets. 39 U.S.C. § 504(g)(3)(A).² Because the portions of materials filed non-publicly in this docket fall within the scope of information not required to be publicly disclosed, the Postal Service asks the Commission to support its determination that these materials are exempt from public disclosure and grant its application for their non-public treatment.

(2) Identification, including name, phone number, and e-mail address for any third party who is known to have a proprietary interest in the materials, or if such an identification is sensitive, contact information for a Postal Service employee who shall provide notice to that third party;

² The Commission has indicated that “likely commercial injury” should be construed broadly to encompass other types of injury, such as harms to privacy, deliberative process, or law enforcement interests. PRC Order No. 194, Second Notice of Proposed Rulemaking to Establish a Procedure for According Appropriate Confidentiality, Docket No. RM2008-1, Mar. 20, 2009, at 11.

Concerning this Global Plus 3 contract, the Postal Service believes that the third parties with a proprietary interest in the materials would be the counterparty to the contract, the PC Postage Provider(s) if the contract allows for and the customer intends to use a PC Postage Provider, and foreign postal operators.

The Postal Service maintains that customer identifying information should be withheld from public disclosure. Therefore, rather than identifying the customer and the PC Postage Provider (if applicable) for the contract that is the subject of this docket, the Postal Service gives notice that it has already informed the customer and the PC Postage Provider (if applicable), which have a proprietary interest in the materials for the contract that is the subject of this docket, of the nature and scope of this docket, and their ability to address their confidentiality concerns directly with the Commission.³

The Postal Service employee responsible for providing notice to any third parties with proprietary interest in the materials filed in these dockets is Ms. Amy E. Douvlos, Marketing Specialist, Global Business, United States Postal Service, 475 L'Enfant Plaza, SW, Room 5427, Washington, DC 20260-4017, whose email address is Amy.E.Douvlos@usps.gov, and whose telephone number is 202-268-3777.

As for foreign postal operators, the Postal Service recently provided notice to all foreign postal operators within the Universal Postal Union network through an International Bureau Circular issued on January 23, 2017, that the Postal Service will be regularly submitting certain business information to the Commission. Some UPU-designated foreign postal operators may have a proprietary interest in such information. The circular includes information on how third parties may address any confidentiality

concerns with the Commission. In addition, contact information for all UPU Designated Operators is available at the following link, which is incorporated by reference into the instant application: http://pls.upu.int/pls/ap/addr_public.display_addr?p_language=AN.⁴

(3) A description of the materials claimed to be non-public in a manner that, without revealing the materials at issue, would allow a person to thoroughly evaluate the basis for the claim that they are non-public;

In connection with its Notice filed in this docket, the Postal Service included a contract, as well as financial workpapers, the certified statement required for the contract by 39 C.F.R. 3015.5(c)(2), certifying that the agreement should meet the requirements of 39 U.S.C. § 3633(a)(1), (2), and (3), as well as the applicable Governors' Decision No. 11-6. These materials were filed under seal, with redacted copies filed publicly, after notice to the customer. The Postal Service maintains that the redacted portions of these materials should remain confidential.

In addition, in connection with its Notice filed in this docket, the Postal Service included financial workpapers. As noted above, in footnote 4 of the notice for this filing the Postal Service respectfully requests that the Commission consider the redacted financial workpapers for the Global Plus 3 contract filed in CP2017-259, as well as the workbooks concerning Settlement Charges related to a number of Global Plus 1D and Global Plus 3 contracts that were filed under seal as USPS-LR-CP2017-231/.NP1 Settlement Charge Workbook (SCWB) with Notice of the United States Postal Service of Filing a Library Reference, Docket No. CP2017-231, July 31, 2017, as representative of the financial workpapers filed by the Postal Service in this docket today were those

⁴ To the extent required, the Postal Service seeks a waiver from having to provide each foreign postal operator notice of this docket. It is impractical to communicate with dozens of operators in multiple languages about this matter. Moreover, the volume of contracts would overwhelm both the Postal Service and the applicable foreign postal operators with boilerplate notices.

financial workpapers to be redacted. Thus, the Postal Service also maintains that the portions of the financial workpapers redacted in the representative redacted financial workpapers and filed under seal as USPS-LR-CP2017-231/.NP1 Settlement Charge Workbook (SCWB) should remain confidential.

With regard to the contract filed in this docket, the redactions on page 1 and to the footers of each page, in Article 33 concerning notices, in the signature block, and in the footer of the agreement and its annexes. This information constitutes the name or address of a postal patron whose identifying information may be withheld from mandatory public disclosure by virtue of 39 U.S.C. § 504(g)(1) and 39 U.S.C. § 410(c)(2). Therefore, such information is redacted.

Other redacted information in the agreement includes information with specific impact on the customer, including certain definitions, as well as negotiated contract terms, such as the minimum revenue commitment agreed to by the customer, and the percentage of cost increases that may trigger a consequential price increase.

The redactions made in the Annexes of the contract, other than those involving the customer's name, withhold the actual prices that are being offered to the customer in exchange for commitments and performance of the customer's obligations under the terms of the agreement.

The redactions applied to the Governors' Decision and financial workpapers in the representative redacted financial workpapers protect commercially sensitive information such as underlying costs and assumptions, pricing formulas, information relevant to the mailing profile of the customer, business information of interested third parties, and cost coverage projections. To the extent practicable, the Postal Service

has limited its redactions in the workpapers to the actual information it has determined to be exempt from disclosure under 5 U.S.C. § 552(b). However, in a limited number of cases, narrative passages, such as words or numbers in text, were replaced with general terms describing the redacted material. For example, where the mailer's name appears in the spreadsheet within a cell, the mailer's name has been replaced by the word "Mailer."

To the extent that the Postal Service files data in future filings that will show the actual revenue and cost coverage of the customer's completed contract, the Postal Service will redact in its public filing all of the values included that are commercially sensitive information and will also protect any customer identifying information from disclosure.

(4) Particular identification of the nature and extent of commercial harm alleged and the likelihood of such harm;

If the portions of the contract that the Postal Service determined to be protected from disclosure because of their commercially sensitive nature were to be disclosed publicly, the Postal Service considers that it is quite likely that the Postal Service would suffer commercial harm. First, revealing customer identifying information would enable competitors to focus marketing efforts on current postal customers that have been cultivated through the efforts and resources of the Postal Service. The Postal Service considers that it is highly probable that if this information were made public, its competitors would take immediate advantage of it. The Global Plus 3 competitive contracts include a provision allowing the mailer to terminate its contract without cause by providing at least 30 days' notice. Therefore, there is a substantial likelihood of the

Postal Service losing customers to a competitor that targets customers of the Postal Service with lower pricing.

Other redacted information in the contract includes negotiated contract terms, such as certain definitions, the minimum revenue commitment agreed to by the customer, sensitive business information including payment processes and mail preparation requirements, and the cost increase that may trigger a consequential price increase. This information is commercially sensitive, and the Postal Service does not believe that it would be disclosed under good business practices. Competitors could use the information to assess offers made by the Postal Service to its customers for any possible comparative vulnerabilities and focus sales and marketing efforts on those areas, to the detriment of the Postal Service. Additionally, other potential customers could use the information to their advantage in negotiating the terms of their own agreements with the Postal Service. The Postal Service considers these to be highly probable outcomes that would result from public disclosure of the redacted material.

The Governors' Decision and financial workpapers filed with this notice include specific information such as costs, assumptions used in pricing formulas, the formulas themselves, mailer profile information, projections of variables, as well as contingency rates included to account for market fluctuations and the exchange risks. Similar information may be included in the cost, volume and revenue data associated with this Global Plus 3 agreement, which the Commission may require the Postal Service to file after the expiration of this agreement. All of this information is highly confidential in the business world. If this information were made public, the Postal Service's competitors would have the advantage of being able to determine the absolute floor for Postal

Service pricing. Unlike its competitors, the Postal Service is required to demonstrate that each negotiated agreement within this group covers its attributable costs.

Furthermore, the Postal Service's Governors have required that each contract be submitted to the Commission with a notice that complies with 39 U.S.C. § 3632(b)(3).⁵

Competitors could take advantage of the information to offer lower pricing to a Global Plus 3 customer, while subsidizing any losses with profits from other customers.

Eventually, this could freeze the Postal Service out of the relevant delivery services markets. Given that these spreadsheets are filed in their native format, the Postal Service's assessment is that the likelihood that the information would be used in this way is great.

Potential customers could also deduce from the rates provided in the contract, from the information in the workpapers, or from the cost, volume and revenue data that the Commission may require the Postal Service to file after the agreement's expiration, whether additional margin for net profit exists between the contract and the contribution that Global Plus 3 contracts must make. From this information, each customer could attempt to negotiate ever-increasing incentives, such that the Postal Service's ability to negotiate competitive yet financially sound rates would be compromised. Even a customer involved in this filing could use the information in the workpapers, or the cost, volume and revenue data associated with the expired agreement, in an attempt to renegotiate its own rates, threatening to terminate its current agreement. However, the Postal Service considers this to be less likely than the risks previously identified.

⁵ Decision of the Governors of the United States Postal Service on the Establishment of Prices and Classifications for Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates (Governors' Decision No. 11-6), March 22, 2011, at 2.

Price information in the contract, the Governors' Decision, the financial spreadsheets, and any cost, volume and revenue data concerning the contract filed after the agreement's expiration consists of sensitive commercial information of the customer. Disclosure of such information could be used by competitors of the customer to assess the customer's underlying costs, and thereby develop a benchmark for the development of a competitive alternative.

Information in the financial spreadsheets and any cost, volume and revenue data concerning this agreement filed after the expiration of this contract also consists of sensitive commercial information related to agreements between the Postal Service and interested third parties. Such information would be extremely valuable to competitors of both the Postal Service and third parties. Using detailed information about such agreements, competitors would be able to better understand the counterparty's underlying costs, and identify areas where they could adapt their own operations to be more competitive. In addition, competitors of the counterparty could use such information to their advantage in negotiating the terms of their own agreements with the Postal Service. Also, competitors of foreign postal operators could use the information in the financial spreadsheets to understand their nonpublished pricing to better compete against them.

Information in the financial models may also include sensitive commercial information related to agreements between the Postal Service and PC Postage Providers. Such information would be extremely valuable to competitors of both the Postal Service and the PC Postage Providers. Using detailed information about such an agreement, competitors would be able to better understand the costs of the postage

programs used, and identify areas where they could adapt their own operations to be more competitive. In addition, competitors of the PC Postage Providers could use such information to their advantage in negotiating the terms of their own agreements with the Postal Service.

(5) At least one specific hypothetical, illustrative example of each alleged harm;

Identified harm: Revealing customer identifying information would enable competitors to target the customers for sales and marketing purposes.

Hypothetical: The identity of the customer that signed a Global Plus 3 contract is revealed to the public. Another delivery service has an employee monitoring the filing of Global Plus 3 contracts and passing along the information to its sales function. The competitor's sales representatives could quickly contact the Postal Service's customer and offer the customer lower rates or other incentives to terminate its contract with the USPS in favor of using the competitor's services.

Identified harm: Public disclosure of pricing in the agreement would provide potential customers extraordinary negotiating power to extract lower rates.

Hypothetical: Customer A's negotiated rates are disclosed publicly on the Postal Regulatory Commission's website. Customer B sees the rates and determines that there may be some additional profit margin between the rates provided to Customer A and the statutory cost coverage that the Postal Service must produce in order for the agreement to be added to the competitive products list. Customer B, which was offered rates identical to those published in Customer A's agreement, then uses the publicly

available rate information to insist that Customer B must receive lower rates than those the Postal Service has offered it, or Customer B will not use the Postal Service for its international delivery needs.

Alternatively, Customer B attempts to extract lower rates only for those destinations for which it believes that the Postal Service is the low-cost provider among all service providers. The Postal Service may agree to this demand in order to keep the customer's business overall, which the Postal Service believes will still satisfy total cost coverage for the agreement. Then, the customer uses providers other than the Postal Service for destinations for which the customer did not extract lower rates. This impacts the Postal Service's overall projected cost coverage for the agreement, such that the Postal Service no longer meets its cost coverage requirement. Although the Postal Service could terminate the contract when the Postal Service first recognizes that the customer's practice and projected profile are at variance, the costs associated with establishing the contract, including filing it with the Postal Regulatory Commission, would be sunk costs that would have a negative impact on the Global Plus 3 product overall.

Identified harm: Public disclosure of information in the financial workpapers would be used by competitors and customers to the detriment of the Postal Service and foreign postal operators.

Hypothetical: A competing delivery service obtains a copy of the unredacted version of the financial workpapers from the Postal Regulatory Commission's website. The competing delivery service analyzes the workpapers to determine what the Postal

Service would have to charge its customers in order to meet the Postal Service's minimum statutory obligations for cost coverage and contribution to institutional costs. The competing delivery service then sets its own rates for products similar to what the Postal Service offers its Global Plus 3 customers under that threshold and markets its ability to guarantee to beat the Postal Service on price for international delivery services. By sustaining this below-market strategy for a relatively short period of time, the competitor, or all of the Postal Service's competitors acting in a likewise fashion, would freeze the Postal Service and associated foreign postal operators out of the business-to-business and business-to-customer delivery services markets for which the Global Plus 3 product is designed.

Identified harm: Public disclosure of information in the contract and financial workpapers would be used by the counterparty's and its customer's competitors to its detriment.

Hypothetical: A firm competing with the customer obtains a copy of the unredacted version of the contract and financial workpapers from the Postal Regulatory Commission's website. The competitor analyzes the prices and the workpapers to assess the customer's underlying costs, volumes, and volume distribution for the corresponding delivery products. The competitor uses that information to (i) conduct market intelligence on the customer's business practices, and (ii) develop lower-cost alternatives using the customer's costs as a baseline.

Identified harm: Public disclosure of information in the contract and financial workpapers would be used by the competitors of the third party to the detriment of the Postal Service and/or the counterparty to the agreement.

Hypothetical: A firm competing with the interested third party obtains a copy of the unredacted version of the contract and financial workpapers from the Commission's website. The firm uses the information to assess the third party's revenue sources and growth opportunities, and thereby develop benchmarks for competitive alternatives. In addition, disclosure of such information could provide leverage to other parties in their negotiations with the Postal Service concerning financial arrangements that they may make with the Postal Service in the future.

Identified harm: Public disclosure of any cost, volume and revenue data concerning this agreement that the Commission may require the Postal Service to file after the contract's expiration would give competitors a marketing advantage.

Hypothetical: A competitor could use any cost, volume and revenue data associated with this agreement, which the Commission may require the Postal Service to file in this docket after this agreement's expiration, to "qualify" potential customers. The competitor might focus its marketing efforts only on customers that have a certain mailing profile, and use information filed after the contract's expiration to determine whether a customer met that profile.

Identified harm: Public disclosure of information in a Global Plus 3 contract that includes postage payment through a PC Postage Provider, and of information in related financial workpapers, would be used by the competitors of the PC Postage Provider to the Postal Service and/or the PC Postage Provider's detriment.

Hypothetical: A firm competing with the customer's PC Postage Provider obtains a copy of the unredacted version of a Global Plus 3 contract that includes postage payment through a PC Postage Provider, and financial workpapers, from the Commission's website. The firm uses the information to assess the PC Postage Provider's revenue sources and growth opportunities, and thereby develop benchmarks for competitive alternatives. In addition, disclosure of such information could provide leverage to other PC Postage Providers in their negotiations with the Postal Service concerning financial arrangements that PC Postage Providers make with the Postal Service in the future.

(6) The extent of protection from public disclosure deemed to be necessary;

The Postal Service maintains that the redacted portions of the materials filed non-publicly should be withheld from persons involved in competitive decision-making in the relevant delivery services markets, as well as their consultants and attorneys.

Additionally, the Postal Service believes that actual or potential customers of the Postal Service for this or similar products should not be provided access to the non-public materials. This includes all competitors of the relevant customer, whether or not they are currently actual Postal Service customers.

(7) The length of time deemed necessary for the non-public materials to be protected from public disclosure with justification thereof; and

The Commission's regulations provide that non-public materials shall lose non-public status ten years after the date of filing with the Commission, unless the Commission or its authorized representative enters an order extending the duration of that status. 39 C.F.R. § 3007.30.

(8) Any other factors or reasons relevant to support the application.

None.

Conclusion

For the reasons discussed, the Postal Service asks that the Commission grant its application for non-public treatment of the identified materials.
